

MEDI CAPTURE

Medical Imaging Made Easy™

MediCap® USB200

The MediCap USB200 is the medical industry's easiest full-featured video recording solution. Your videos and still images are recorded directly to a USB flash drive or optional hard drive. The recorded videos are DVD-quality, but without all the hassles of DVD disks.

Medical Video Recorder

Records from your endoscope, arthroscope, surgical camera, ultrasound, etc. Saves to a flash drive or hard drive that can be accessed from any computer on your network.

Intuitive Use

It's so easy, no training is needed. Just plug it in and go. You'll be recording videos within minutes of opening the box.

Medical Grade

With its steel case and fluid resistant front panel, the USB200 is built to withstand the rigors of the OR, and it's so compact it will fit on any cart.

Powerful Options

compatible – versatile – affordable

USB Hard Drive

Perfect for archiving
100+ hours of video
on a single device

USB Keyboard

Input patient data to
organize your photos
and videos

Network Adapter

Turn your USB200
into a mapped drive
on your network

Foot Pedal

Connect your USB200
to your scope's trigger
or to a foot pedal

Also Available...

MediCap® USB300

Step up to high definition. The USB300 has all the same great features as the USB200, plus HD recording — at a surprisingly affordable price.
